Answer the following questions to help determine your internship area of focus and location. Please note that there is no guarantee that your internship will meet all of your interests. By providing the following information you will be able to narrow your search results and apply for internships that best suit your academic and professional abilities and interests.

→ What area, sector, or issues of Food Studies interests you most?

---

---

---

→ What specific skills, information, or trainings do you hope to receive through your internship?

---

---

---

→ What type of job will you apply for after graduation? What field, industry, or employment sector interests you?

---

---

---

→ Geographically, where do you hope to complete your internship? In Syracuse? Central NY? Beyond?

(Note: travel restrictions apply for certain states and countries. There may be additional academic requirements for students seeking internships out of state or country. Timelines for internships taking place outside of Central New York may be different than local or regional internships.)
